MY PROJECTS

Math Quiz

My debut Unity project, Math Quiz is a 2D game designed to engage players in an educational yet entertaining way. Featuring various difficulty levels and diverse question types, the game caters to a wide range of learners while promoting mathematical skill development.

Join Blob 3D

This hyper-casual mobile game project challenges players to navigate obstacles and grow their blob army to defeat boss enemies. Designed for intuitive gameplay and vibrant visuals, it offers an engaging arcade experience for players of all levels.

Multiplayer Demo

This multiplayer demo is made by myself learning and understanding. Click on the link to know more.
